

1. On the Home screen, click on an account to view a listing of the details and transaction history associated with the account.

Click on an 'Account' to display the account details.

NOTE: A listing of historical transactions associated with the account is listed on the screen.

2. Select the Export icon to display a listing of available formats. The export will include all transactions specified in the filter by the user.

3. Select the 'Quick Transfer' to complete a transfer.

- Select the 'Filters' icon to view the various search criteria for transaction history.

- Select 'Options' to display available actions.

6. Click the 'Details & Settings' tab to display the account details and settings.
